

PARK EQUIPMENT AND CONSTRUCTIONS

2012

We offer design, fabrication and installation of full range park equipment - gazebos, pergolas, benches, bins and other accessories for the park space.

The main materials we use for our structures are impregnated and varnished wood and metal.

For roof elements we use shingles and ondulin.

If the standard products we offer do not match your job we can offer you different size and color options.

All joints of the park equipped are made with metal threaded fittings for increased stability.

The warranty period of products is 24 months.

Our park facilities are accompanied by Constructive advice and Declaration of conformity to standards for design wooden and metal structures.
